

NURTURING
DREAMS.
INSPIRING
THE FUTURE.

adani
Foundation

Sowing the seeds of a flourishing tomorrow

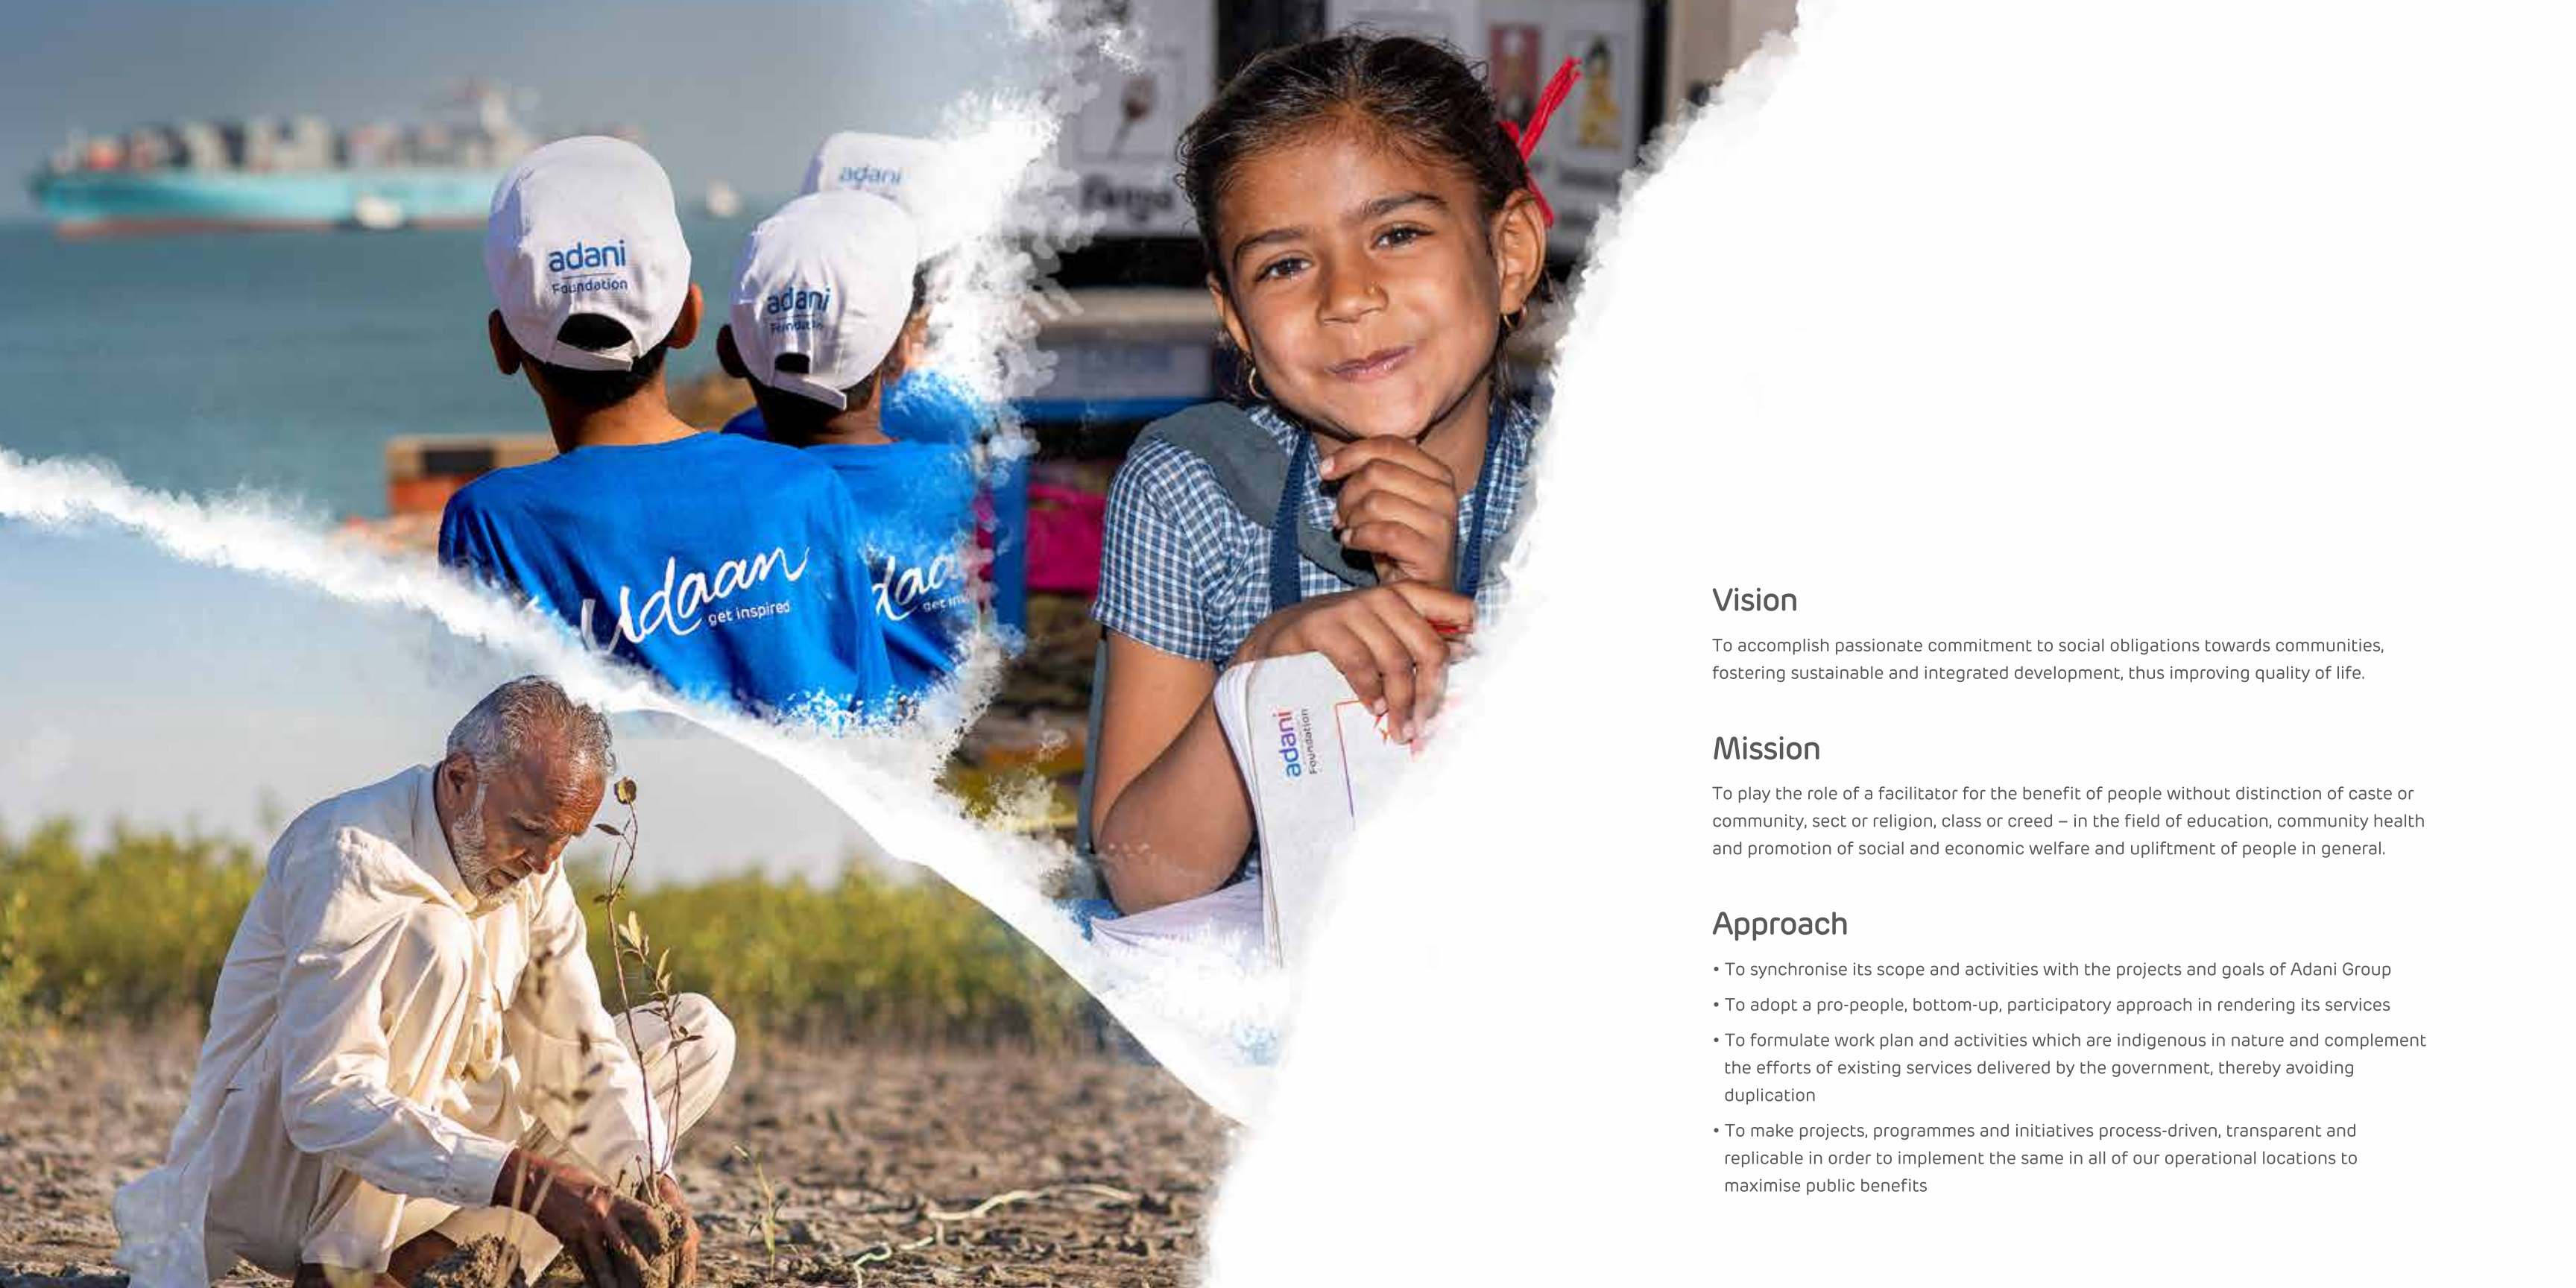

Adani Foundation

Goodness is not subject to sporadic appearances. It is a practice that ought to be ingrained in those who truly believe in it. We, at Adani, leave no stone unturned to bring happiness and livelihood at every step of our journey towards Nation Building. The Adani Group invests a substantial percentage of its total profit in various social initiatives through its CSR arm, Adani Foundation with an aim to lead the wave of goodness at grassroot levels. It exhibits the humane, compassionate and benevolent side of the company under its philosophy of Growth with Goodness.

Our Story of Change

Established in 1996 by the Adani Group as its CSR wing, the Adani Foundation has become a strong proponent championing the cause of the deprived and underprivileged communities. Today, the Foundation's reach covers 3.67 million people in 2,410 villages across 18 states in India. Its ideals are clearly reflected in its actions in four key areas – Education, Community Health, Sustainable Livelihood Development and Rural Infrastructure Development and along with special projects like Swachhagraha, Saksham, Fortune SuPoshan and Udaan.

Vision

To accomplish passionate commitment to social obligations towards communities, fostering sustainable and integrated development, thus improving quality of life.

Mission

To play the role of a facilitator for the benefit of people without distinction of caste or community, sect or religion, class or creed – in the field of education, community health and promotion of social and economic welfare and upliftment of people in general.

Approach

- To synchronise its scope and activities with the projects and goals of Adani Group
- To adopt a pro-people, bottom-up, participatory approach in rendering its services
- To formulate work plan and activities which are indigenous in nature and complement the efforts of existing services delivered by the government, thereby avoiding duplication
- To make projects, programmes and initiatives process-driven, transparent and replicable in order to implement the same in all of our operational locations to maximise public benefits

Education

- Adani Vidya Mandir is situated in Ahmedabad, Bhadreshwar, Surguja and Krishnapatnam imparts free of cost quality education to more than 2944 students
- Adani Public School, Adani Vidyalaya, Adani DAV Public School & Navchetan Vidyalaya situated in Rajasthan, Maharashtra, Odisha and Andhra Pradesh provide subsidised quality education to more than 6179 students
- To foster students' learning abilities and achieve better learning outcomes at the grassroots, the Adani Foundation charted an innovative intervention in year 2018-19 through project Utthan. It has reached 10360 students across 81 schools and 16 anganwadis.

Health

- 15 MHCUs attend to more than 3,73,000 patients annually
- 13 Rural Clinics treat more than 2500 patients each month
- Various Medical Health Camps provide Diagnostic and Treatment Facilities to more than 30,000 patients annually
- Treatment provided to over 4,00,000 people annually

Livelihood

- Around 10,650 fishermen supported with various fishing equipment
- 50,000 man-days worth of employment to fisherfolk communities provided during non-fishing months
- 150 fisherfolk families engaged in mangrove afforestation covering an area of 2,823 ha
- More than 10,000 farmers introduced to SRI technique of cultivation, covering approx. 20,000 acres of land
- 1000+ farmers using drip irrigation to water 6,000 acres of land

Infrastructure Development

- 365 ponds and streams deepened and 20 check dams built, increasing water storage capacity to 78,71,785 m³
- 683 residential units constructed and repaired for fisherfolk community and BPL families
- Around 330 potable water facilities made available to villagers

EDUCATION

Creating a strong foundation upon which young India's dreams can be built

In our rapidly developing economy, education has emerged as the most powerful tool to harness the immense potential of human resources that fuels the growth of our nation. At Adani Foundation, our efforts are directed towards ensuring quality education for meritorious children, irrespective of their social and/or economic backgrounds. Our schools and other educational initiatives create an enabling environment for holistic development of children, giving them an opportunity to learn, grow and groom themselves - an opportunity that is rightfully theirs to become confident, responsible and capable citizens.

ADANI VIDYA MANDIR

Adani Vidya Mandir

Adani Vidya Mandirs provide completely free, high-quality education, along with free transportation, uniforms, books and nutritious food to all the students who come from economically weaker sections of the society. These schools have state-of-the-art infrastructure and facilities, and are currently operating in Ahmedabad and Bhadreshwar in Gujarat and Surguja in Chhattisgarh.

Adani Vidyalaya

Adani Vidyalayas offer subsidised quality education to children from the surrounding communities of Tirora in Maharashtra and Kawai in Rajasthan. The schools are focused on quality teaching and learning and also regularly conduct a number of curricular and co-curricular activities along with various exhibitions for the overall development of the students.

Adani Public School

Adani Public School at Mundra, Gujarat, offers excellent subsidised education to students of the nearby areas. It is an English medium, CBSE affiliated, co-educational school that offers Science and Commerce streams. It also lays special emphasis on regular coaching, by expert faculty, to students aspiring to appear in competitive examinations. It has a well-balanced combination of curricular and extra-curricular activities to ensure the holistic development of the students.

Adani DAV Public School

Adani DAV Public School provides subsidised quality education to students from the nearby communities of Bhadrak District of Odisha. The school's G+2 building has a built-up area of 3,501 m spread across a campus of more than 5 acres. It is equipped with 16 modern classrooms, two libraries, science and computer labs, an audio visual room as well as facilities to promote sports and creative activities. This international standard school is run by the Adani Foundation in collaboration with the DAV College Trust.

Navchetan Vidyalaya

The aim of the Navchetan Vidyalaya situated at Junagam in Hazira, Gujarat, is to provide subsidised high-quality education to the children from nearby rural areas. To promote education amongst the regional populace, the school provides free food and academic material support such as uniforms, notebooks, workbooks, textbooks and stationery to the students. The school is well-equipped with smart classrooms and houses all facilities required for holistic development of its students.

Other activities under Education Initiatives

Project Utthan

An initiative that attends to students who are unable to keep up with their classmates in terms of education. Whatever the reason is, we try and work towards raising their performance to an acceptable standard so they don't lose out on the opportunities that life has in store for them. This, we do with the help of our Utthan Sahayaks and by administering special learning techniques.

Project Gyanodaya

A special initiative to help change the perception of government schools by changing the very way they function. In association with Eckovation, a digital online learning platform and the support of the Jharkhand Government, Project Gyanodaya has been able to aid learning for government school students who often fail to keep up with the outside world because of lack of proper teachers and educators.

COMMUNITY HEALTHCARE

Making better healthcare facilities available and accessible

We firmly believe that improving the health of its citizens can directly result in economic growth of the nation. Healthy people can utilise growth opportunities made available to them in a better way. Lack of basic healthcare facilities has a detrimental impact on the health and wellbeing of the people. We, at the Adani Foundation, have committed ourselves to raising the standards of and strengthening healthcare systems in and around our operational locations in India. Through our efforts in community healthcare, we aim to help people realise their dreams of leading a healthy and progressive life.

Gujarat Adani Institute of Medical Sciences (GAIMS)

GAIMS is the first medical college, based on the Public-Private Partnership model, in the medical education sector. Spread across a sprawling area of 27 acres, it offers MBBS and PG courses in almost all clinical branches. It has a strength of 900 students and interns. Situated in the centre of Bhuj, GAIMS – GKG Hospital is the biggest hospital in the largest district of India. This 750-bed hospital has state-of-the-art infrastructure and medical facilities to offer free of cost healthcare to the poor people in the region. We are also aligned with Ayushman Bharat and other Government schemes, making them available in GAIMS Bhuj while organising camps to help people enrol in the Ayushman Bharat Scheme.

Mobile Health Care Units (MHCUs) and Rural Health Clinics

The MHCUs are deployed by Adani Foundation nationally with the objective to provide basic healthcare facilities to the remotest rural areas. These facilities include diagnostics, medicines, free of cost consultation and referrals by certified doctors at the doorstep of community members. As a result, these patients save money on consultation fees, medicines and travel costs, reducing the possibility of losing livelihood due to lengthy treatment. These MHCUs are operational in Mundra and Dahej in Gujarat, Tirora in Maharashtra, Kawai in Rajasthan, Surguja in Chhattisgarh, Dhamra in Odisha, Udupi in Karnataka, Godda in Jharkhand and Shimla in Himachal Pradesh, Raigarh, Chhattisgarh, and Vizhinjam, Kerala.

Adani Foundation also operates numerous Rural Health Clinics where healthcare services are provided free of cost to the needy people for two hours daily. These clinics, operating in Mundra, Anjar and Mandvi in Gujarat, are an important step by the Foundation to ensure that quality medical services are made accessible to the rural populace.

Health Cards to Senior Citizens and Medical Insurance

The 'Vadil Swasthya Yojana' is a scheme under which health cards are provided to senior citizens from socio-economically marginalised sections. The main objective of this scheme is to make timely healthcare services available according to needs of these senior citizens. Under this scheme, senior citizens with family income of less than INR 2,00,000 per annum are provided with green cards through which they can avail free healthcare services amounting to INR 50,000 for a period of three years. Senior citizens with family income of more than INR 2,00,000 per annum are given blue cards, which allows them to avail healthcare services at the Adani Hospitals at highly subsidised rates. This scheme is currently offered in Mundra, Gujarat.

The Foundation also provides medical insurance to the families of up to seven members, through the Adani Aarogya Card scheme in Udupi, Karnataka. Under this scheme, the families are given medical insurance coverage of INR 50,000.

Medical Camps

Adani Foundation regularly conducts various general and specialised medical camps in and around its operational locations for the benefit of local communities. At these camps services of gynaecologists, orthopaedic surgeons, heart specialists, skin specialists, paediatricians, Eye & ENT surgeons are provided to the community members at no cost. Free of cost follow-up services are also made available and necessary discounts are negotiated in cases requiring surgery. These camps are conducted in Mundra, Dahej and Hazira in Gujarat, Godda in Jharkhand, Kawai in Rajasthan, Dhamra in Odisha, Udupi in Karnataka and Shimla in Himachal Pradesh.

SUSTAINABLE LIVELIHOOD DEVELOPMENT

Empowering
communities to
become self-reliant

Empowering people through sustainable livelihood helps them to transform their lives and contribute to the growth of the nation. Due to lack of adequate skills and livelihood opportunities many people still live in deplorable conditions. Helping people become self-reliant and earn sufficient income is the only way to counter poverty and unemployment. Hence, through its initiatives, the Adani Foundation aims for holistic growth and development of the marginalised sections of the society by providing necessary skill development training. We firmly believe that self-reliant and financially empowered people will ultimately nurture the dreams of a new India.

Support to Farmers

With the objective of promoting organic farming using the System of Rice Intensification (SRI) method, Adani Foundation, in cooperation with respective Block Agriculture Departments, regularly conducts various training programmes for the farmers. They have been introduced to various innovative and cost-saving practices in farm cultivation, techniques of low water usage & labour-intensive organic method of reaping the crop. This project has been successfully implemented by farmers of Tirora in Maharashtra, Surguja in Chhattisgarh and Dhamra in Odisha.

Adani Foundation initiated training programmes at Go Vigyan Anusandhan Kendra, a cow-based livelihood programme, a fly ash utilisation programme and the formation of Farmers' Producer's Company at Tirora, Maharashtra. It has also provided support for construction of biogas plants for households, promotion of farmers' produce of date fruits through various market linkages, fodder for the livestock and held an agriculture development programme in collaboration with Krishi Vikas Kendra in Mundra, Gujarat. Other efforts undertaken by the Foundation to support farmers include animal health and vaccination camps in Dhamra and Godda, Jharkhand, as well as a cattle breed improvement programme in Kawai, Rajasthan.

Initiatives to uplift the Fisherfolk Community

The Adani Foundation works closely with the fisherfolk community to introduce alternative livelihoods and income generation opportunities for their socio-economic development. It has implemented the 'Ajivika Uparjan Yojana' in Mundra, Gujarat, which provides employment to fisherfolk families in a mangrove afforestation programme. It has also introduced polyculture and cage culture techniques to fishermen willing to diversify their occupation. The Foundation has also provided equipment support like fishing nets, anchors, drying platforms and solar dryers to the fishermen from various places including Mundra, Hazira and Dahej in Gujarat.

Projects to Empower Women

More than 3098 women from 278 SHGs are earning their livelihood through various income generation activities.

Mahila Udayami Bahuddheshiy Sahakari Samiti Limited is a rural co-operative whose members include 250 women in Surguja district of Chhattisgarh, as we empower them by imparting training in livelihood earning activities.

INFRASTRUCTURE DEVELOPMENT

Renewing rural India by meeting the infrastructural requirements

Quality rural infrastructure bears a direct influence on the development of the rural population. Lack of it may push the rural populace towards poverty and deprivation. To achieve redistributive growth in India, gaps in rural infrastructure need to be addressed. At Adani Foundation, we have committed ourselves to building sustainable rural infrastructure to overcome developmental challenges at the rural as well as national level. We are committed to making a long-term investment in rural infrastructure development as it will connect its dream with the progress of the nation.

Construction of Schools and Other Education Infrastructure

The Foundation has been instrumental in constructing state-of-the-art school buildings for all the eight schools run by Adani Foundation. The recently constructed buildings of Adani DAV Public school at Dhamra, Odisha, Adani Vidya Mandir and a vocational training centre at Surguja, Chhattisgarh, bears testimony to the quality conscious approach towards infrastructure development that the Foundation believes in.

The Foundation also undertakes construction and repair work for improving the infrastructure of various government schools to create a conducive learning environment for the students. Education infrastructure work undertaken by the Foundation includes construction of additional classrooms, toilets, science labs, dust-free areas with paver blocks, raising the height of walls for the safety of the students and regular renovation and maintenance of buildings of all Adani run schools.

Water Conservation

Under the umbrella of water conservation activities in the states of Gujarat, Maharashtra, Rajasthan and Chhattisgarh, the Foundation has constructed various check dams, farm ponds and earthen bunds across rivers. It has undertaken the work of pond and stream deepening as well as desalting of existing ponds.

The Foundation has also been instrumental in developing a lake in Kawai, Rajasthan and carried out excavation, stone pitching and ghat construction. It has also created recharge pits near wells and hand pumps to ensure adequate water availability for the communities in and around Godda, Jharkhand.

Housing

To meet the basic housing needs of the fisherfolk community and the population living below poverty line in Gujarat, Adani Foundation has constructed and refurbished permanent and temporary shelters for the communities as per their requirements. This also includes construction of individual and community toilets to ensure proper sanitation and hygiene.

Community Activities

In a bid to make potable water available, Adani Foundation has installed various community RO plants and water ATMs and handed them over to the community members or local panchayats to operate. It has also constructed underwater tanks, pitched ponds, dug bore wells and tube wells and installed hand pumps to meet safe drinking water needs of the communities.

The Foundation has also undertaken various community welfare projects like construction of healthcare centres, community halls, individual/community toilet block facilities, approach roads, platforms for drying fish, cow sheds, minor bridges, market platforms, bus stands and renovated temples. It has also provided solar lighting facilities, solar pumps for irrigation and electrification in the villages. These activities have benefited the people of Mundra, Hazira and Dahej in Gujarat, Kawai in Rajasthan, Godda in Jharkhand, Surguja in Chhattisgarh, Dhamra in Odisha, Tirora in Maharashtra, Udupi in Karnataka and Vizhinjam in Kerala.

SPECIAL PROJECTS

Udaan

Exposure tours are organised as a part of this project, wherein school students are given a chance to visit the Adani Group facilities such as Adani Port, Adani Power & Adani Wilmar refinery at Mundra, Hazira, Kawai, Tiroda, Dhamra and Udupi, to get an insight into the large-scale business operations and thus get inspired to dream big in life.

The exercise stimulates the young minds to dream big and help them become entrepreneurs, innovators and achievers of tomorrow, and thus play an active role in the process of nation building.

Saksham

Saksham or the Adani Skill Development Centre (ASDC) focuses on skill development activities to contribute towards nation building by bridging the skill gap between demand and supply, in line with the Government of India's Skill India Mission.

ASDC has partnered with the National Skill Development Corporation (NSDC) and has trained more than 75,000 trained youth and counting in over 45 courses at 30 centres across 10 states of the nation. The job-oriented and hands-on skilling programmes ensured a livelihood generation ratio of about 65%.

Saksham trainees worked towards fulfilling the order of more than 4 lakh uniforms from Jharkhand Govt. These women collectively earned over INR 56 lakh through this initiative.

Other activities under Saksham

Phoolo Jhano Saksham Ajivika Sakhi Mandal (PJSASM)

Phoolo Jhano Saksham Ajivika Sakhi Mandal (PJSASM) has become an innovative, sustainable and replicable model of livelihood generation and hence, women empowerment. The women undergo training for a period of 3 months. More than 1500 women across 48 villages have received training till date.

Swachhagraha

Swachhagraha, inspired by the Satyagraha movement, is a project dedicated towards creating a culture of cleanliness by bringing about a behavioural change and promoting anti-littering attitude among the masses.

Through this project we have reached out to 7,600+ schools across 19 states and have more than 1,35,000 Swachhagraha dal members, spreading the message further to 33,50,000 students. Swachhagraha also reached out to more than 12 crore citizens through the large scale community outreach encouraging them to take personal responsibility of maintaining cleanliness at public places and be Swachhagrahis.

Fortune SuPoshan

Fortune SuPoshan targets to alleviate malnutrition and anaemia among children in 0-5 years of age, adolescent girls, pregnant women, lactating mothers and women in the reproductive age with special emphasis on pregnant women and lactating mothers.

'SuPoshan Sangini' is a village health volunteer who plays a pivotal role in spreading awareness, referrals and promoting behavioural change among the target groups to achieve the project objectives. Till date, 438 SuPoshan Sanginis are working in 1,165 villages and municipal wards across the country and providing services to 2,39,000 households.
