

Annual Report 2022-23

adani  
Foundation

# People. Prowess. Progress.

The Adani Foundation is dedicated to serving marginalized communities across the nation, addressing challenges in the social development sector and creating sustainable models for ushering in prosperity. In doing so, we have captured the stories of people with and for whom we work. As individuals, families and institutions, their stories reflect the length and breadth of our work. Their rising reflects our intentions as well as impact. We remain committed to enable

## Believing in People. Investing in Impact.

At the Adani Foundation, we are often in awe of the life stories of people we meet and work with. People living in the hinterland, whose sheer drive and hard work help them succeed. Their tenacity propels them forward and we are humbled to share the milestones in their journey.

Our cover story this year embodies this spirit of our people. We turn the spotlight on prosperous hubs of livelihoods which they have persevered for and built, on our efforts for bringing sustainable prosperity where it is the most needed.

Through our annual report, each year we try our best to showcase what we see in the heart of rural India, to share with you what keeps us going. I hope that it will give you a short but meaningful glimpse of our people, their prowess and our collective progress.

**Dr. Priti G. Adani**  
Chairperson  
Adani Foundation

# About the Adani Foundation

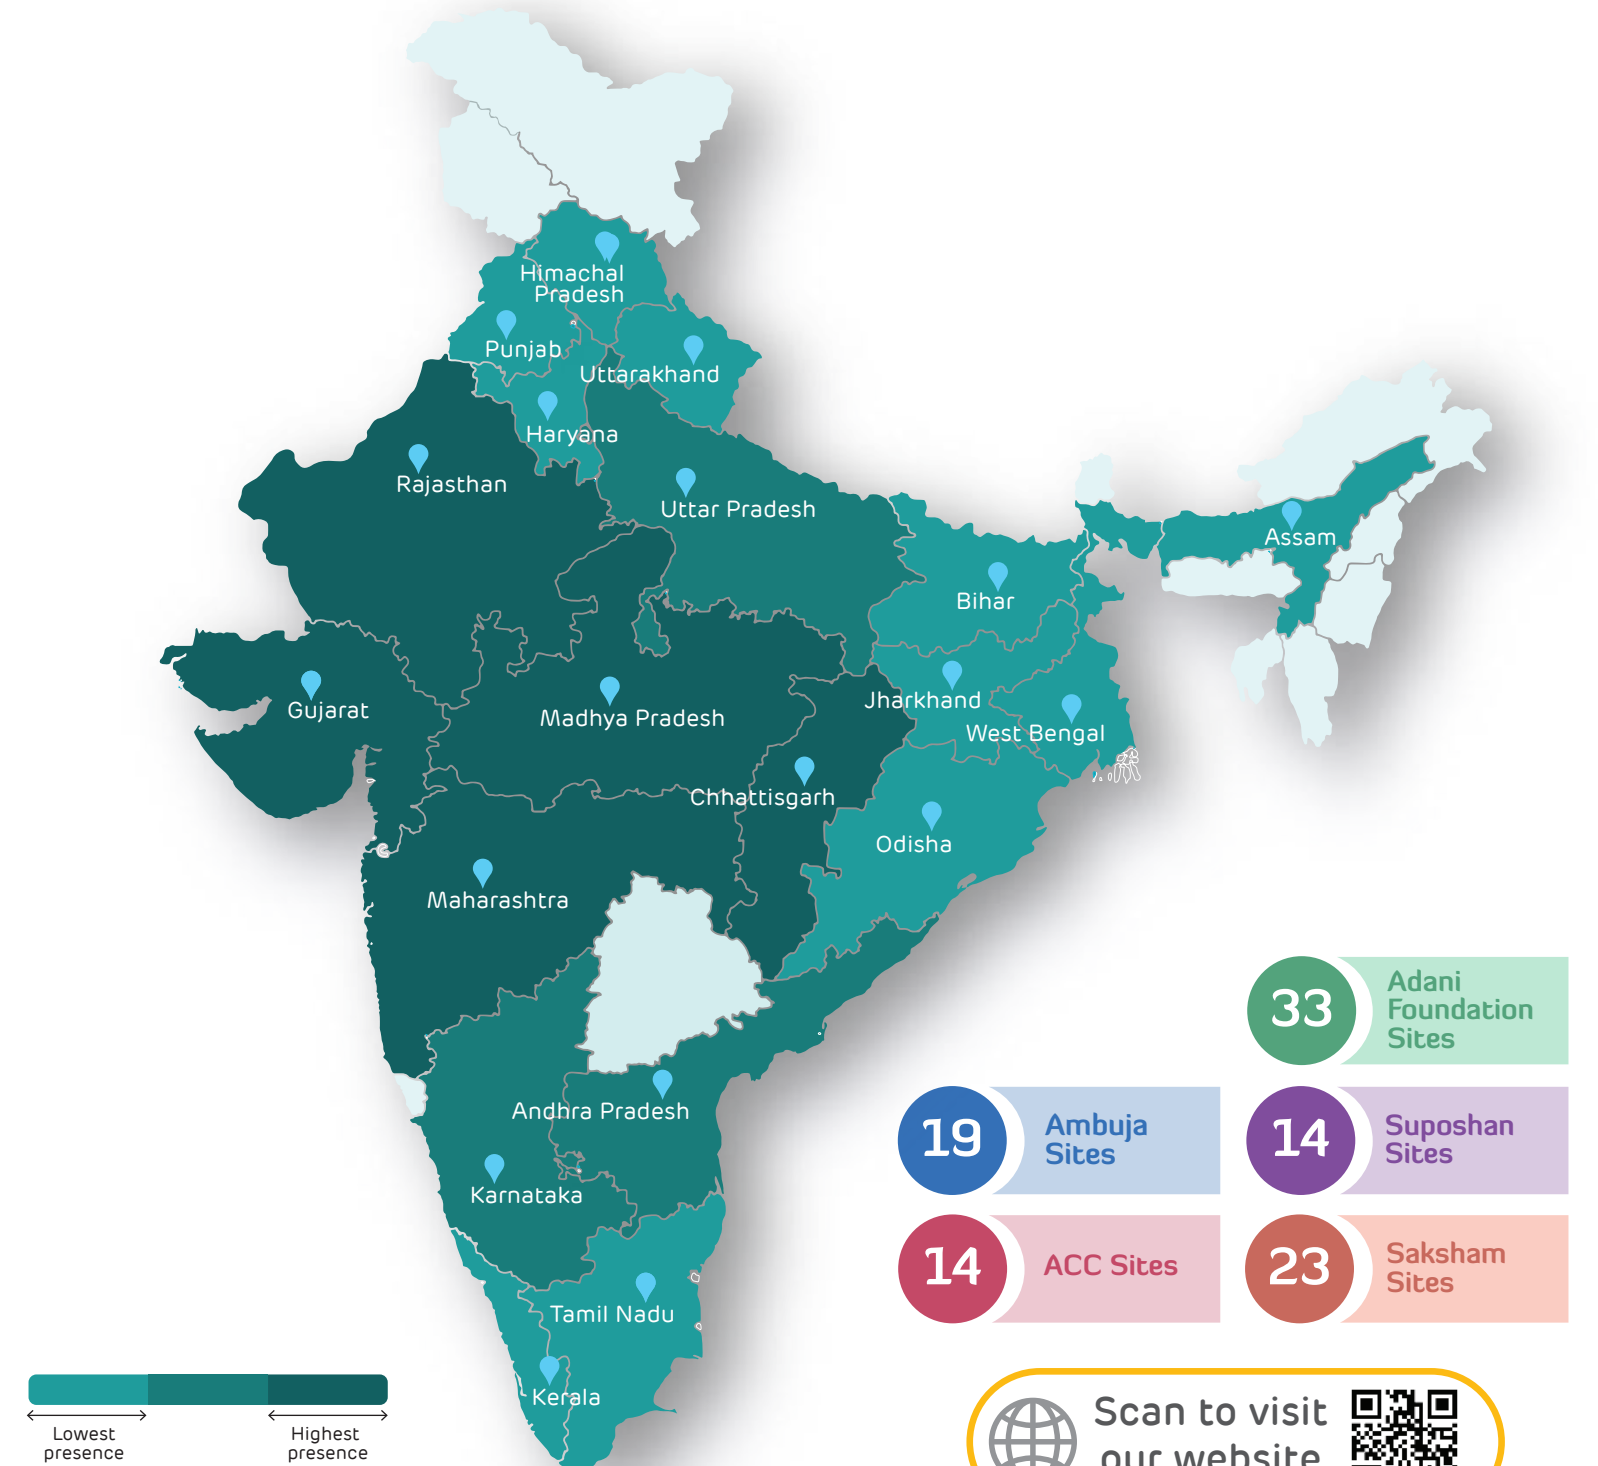

Since 1996, the Adani Foundation, the community engagement arm of the Adani Group, has remained deeply committed to making strategic social investments for sustainable outcomes throughout India. The Foundation has been active in the core areas of education, health, sustainable livelihood, skill development and community infrastructure. Its strategies are rooted in national priorities and global Sustainable Development Goals (SDGs).

The Foundation is known for its inquisitive and innovative approach to problem-solving. It challenges the status quo and adopts new solutions that lead to sustainable impacts. By building institutions of people and focusing on sustainability, the Foundation contributes to the dignity, well-being and wealth of the communities surrounding Adani businesses and beyond.

As it continues to grow and evolve, the Foundation is well-positioned to address the emerging needs of a New India. The Adani Foundation's reach is extensive, currently operating in 5,753 villages across 19 states, positively impacting 7.3 million lives.

# Our Presence

\*For detailed site locations, please refer Annexure 1.

# The Year That Was

Integration with ACC & Ambuja Cements.

Introduction of Gram Bharati – a platform for our women's self-help groups – and its culmination into a special project which is named Sathwaro.

Chairman Gautam Adani reached out to support 4-year-old Manushree, a resident of Lucknow, to fund her heart surgery.

Launched the India Rahega Fit Campaign, to celebrate and spread awareness ahead of the International Day of Yoga at 75 destinations across Gujarat.

Saksham crossed the milestone of skilling over 1 lakh youth across 11 states, by offering 75 industry-aligned courses.

Improving teaching-learning levels in Government schools through Utthan & Gyanodaya.

Extended a helping hand and relief material to over 7,000 flood-hit victims of Assam through the Guwahati airport.

Project SuPoshan introduced in 6 new sites.

Udaan crossed the milestone of curating exposure visits for 4 lakh students, with three new sites (Kattupalli, Krishnapatnam, SVPI Airport Ahmedabad).

By joining hands with the District Administration, the Foundation announced an endowment of INR 25 lakh each to the 20 children who lost their parent(s) in the Morbi bridge collapse.

# People. Prowess. Progress.

Cover Story

## Reaping the Demographic Dividend: Creating Pathways for Socio-Economic Empowerment through Sustainable Livelihoods

According to the latest United Nations Population Fund data, India's population in 2023 stands at 142.86 crore.

- ⊖ We are the world's most populous country.
- ⊖ We have the world's youngest population.
- ⊖ We have the world's largest rural population.

To unlock the potential of this demographic dividend for the growth and success of our nation, the key is enabling sustainable livelihoods in rural India. They lead to holistic socio-economic development of families and communities. They create a stable and steady flow of income, which is used towards education, healthcare, improved standard of living and ultimately translates to consumption/purchasing power. Moreover, adequate socio-economic opportunities have shown to mitigate migration.

The Adani Foundation's interventions aim to:

- Increase, diversify and sustain incomes
- Enable greater participation of women in the workforce
- Create comprehensive eco-systems which provide education, training, access to capital and market linkage support

Read on for a glimpse of the major interventions:

# Improving Incomes from Agriculture & Animal Husbandry

As per the Economic Survey 2022-23, 65% of India's population lives in the rural areas, out of which 47% are dependent on agriculture for livelihood. Amid rising input costs, lack of irrigation facilities and low productivity, the survey states that the focus needs to be on diversification to millets, pulses, oilseeds, horticulture, animal husbandry, dairying, and fisheries.

The Adani Foundation's efforts encompass reducing input cost, training for implementing best practices, increasing productivity and facilitating infrastructure support. Take for instance the case of 42-year-old Sajna bai Meena, a resident of Amapura village in Baran, Rajasthan. She has 10 bigha (2.75 acres approx.) of land

but had no idea about how to move forward after her husband's sudden demise in 2018. That was when the Foundation intervened and motivated her to develop an orchard. With the initial support of 70 fruit saplings, improved variety of vegetable seeds and handholding, her farm flourished. Today, she also rears five cattle successfully with the support of the Adani Foundation. The milk is useful for consumption at home and the excess is sold to a Farmer Producer Organization (FPO) called Hadoti Pragatisheel Producer Co. Ltd., which is supported by the Adani Foundation. Today, she is earning an average of INR 15,000 per month and providing for her six children – four girls and two boys.

Like Sajna bai, the Foundation is empowering more than 53,000 marginal and small farmers with more than 26,000 acres of land under cultivation.

Watch the incredible stories of Sajna bai Meena and other women farmers like her:

Scan to watch the video

# A Glimpse of the Outcomes

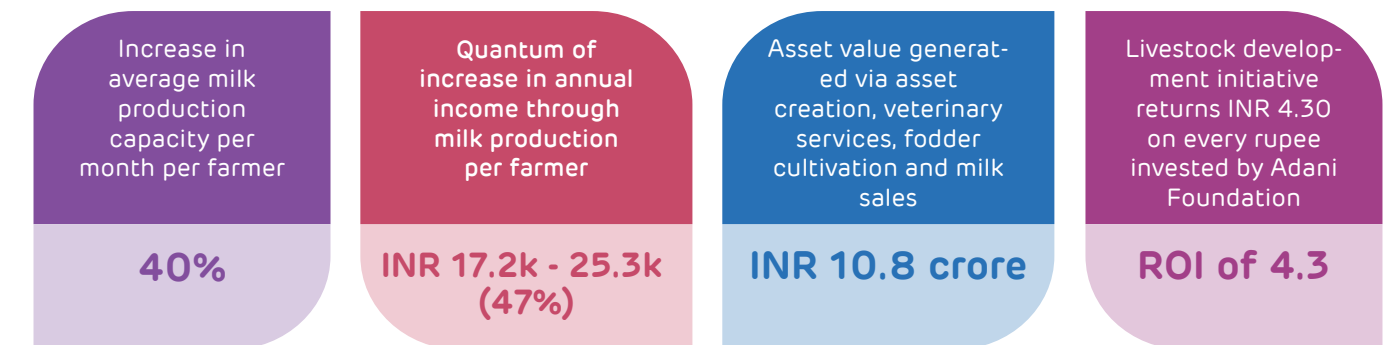

## Farm-based livelihoods

There has been a steady increase in the coverage of farm-based interventions across sites resulting into 47% hike in the average incremental income per farming family.

## Livestock Development

Livestock development initiative, in partnership with BAIF institute of sustainable livelihood development, was implemented at five sites since 2017. A study was conducted by Goodera at Dahej and Hazira in 2022 to assess the outcomes of the same and it was found that:

## Promoting Livelihoods through Self-Help Groups

According to World Bank data, female participation in the workforce has fallen from 32% in 2005 to 19% in 2021. Their participation in the workforce is paramount for the Indian economy to prosper. In other words, focusing on sustainable livelihoods and jobs without focusing on women is not a fruitful strategy. At the Adani Foundation, we enable women in farming related activities, but an equally important strategy is ensuring that women become earning members in the family. For this, we encourage their home-based enterprises and provide the necessary support in terms of access to capital, linkages with government schemes and providing training as per market demands.

For example, the women of Jamilabath village in Thiruvallur district of Tamil Nadu were weaving entrepreneurial

dreams through their eco-friendly products. In 2021, they were trained in designing and making palm leaf products and registered under the name Arrahaman Oringinantha Panai Olai Porutkak Sangam. A total of 30 members were organized into two self-help groups (SHGs) for ease of conducting business and monitoring. In FY 2022-23, their total annual turnover was INR 3.7 lakh. They recently underwent a 2-month program for upskilling to learn newer designs and techniques.

**More than 1,500 such women's SHGs have generated a turnover upwards of INR 40 crore.**

## Skilling & Upskilling for Employment & Entrepreneurship

According to the International Labour Organisation (ILO), the Indian labour force is set to grow by over 8 million per annum over the coming decade.

The size and age of a country's workforce plays a huge role in its economic growth, which in India's case is on our side. The onus is now upon all of us to complement this demographic strength with new-age skills and foster a strong entrepreneurial spirit. Through Adani Saksham, the Adani Foundation is on a mission to skill Indian youth.

Take for example the journey of 40-year-old Lilandari Nishad who contracted polio as a child, and this became a hurdle for her at every stage in life. In a family of 17 members and only one breadwinner, she longed to be

able to help. Her will power and passion culminated as she underwent a tailoring course at Adani Skill Development Centre (ASDC). She not only began operating her own stitching unit from home, but also trained 10 girls in her village Chandli (Chhattisgarh), paying forward what she received! Today, she is earning up to INR 5,000 per month and is self-reliant in the truest sense.

**Aligned with the Government's Skill India Mission, Adani Saksham has provided skill-based training to 1.23 lakh people till date.**

## Enabling Learning for a Better Future

The Adani Foundation has been facilitating holistic learning in an enabling environment & making it available and affordable to as many children as possible. Using smart technology and engaging partnerships, the Adani Foundation has been nurturing this mission through its flagship programs viz. Adani Vidya Mandirs, Adani Schools, Utthan and Gyanodaya.

In FY 2022-23

**3,088**  
**Students** received  
free education in **4 Adani**  
**Vidya Mandir Schools**

**24,223**  
**Students** received  
subsidized education in  
**29 Adani Schools**

**1,13,000**  
**Students** were  
supported through **552**  
**Government Schools**  
(Utthan & Gyanodaya)

# Adani Vidya Mandir

A total of four Adani Vidya Mandir (AVM) schools are providing free education to more than 3,000 meritorious students, annually, from economically weaker sections of society. The schools offer the best-in-class infrastructure and facilities to students along with healthy meals, uniforms, books, stationery and transportation. The AVM schools are currently operational in Ahmedabad, Gujarat (AVMA), Bhadrashwar, Gujarat (AVMB), Surguja, Chhattisgarh (AVMS), and Krishnapatnam, Andhra Pradesh (AVMK).

## Highlights of FY 2022-23

Flying Cadet Sergeant (SGT) **Khevna Parmar** of AVMA, of No. 2 Gujarat Air Squadron NCC, Ahmedabad, was **the only Girl Cadet from Air Wing, Junior Division**, to represent the state of Gujarat in the year 2023's ceremonious Republic Day Parade.

With utmost discipline and determination, **Brijesh Dafda** (second from right) of AVMA secured **first rank** in the SC category, Gujarat, in the **NEET 2022** (National Eligibility Entrance Test) scoring 660 out of 720 marks (99.98 percentile).

18 students of AVMA, from Class 9 and 11, received the **Prime Minister's Young Achievers Scholarship Award Scheme for Vibrant India (YASASVI) Scholarship 2022**. Under this program, class 9 students will receive INR 75,000 and Class 11 students will receive INR 1,25,000 annually.

**Sameer Yadav**, a Class 10 student of AVMS, participated in the Chhattisgarh State Open Javelin Throw Championship '22 organised by Athletic Federation of India at Bilaspur on 7<sup>th</sup> August 2022 and bagged the Bronze Medal.

AVMK got the permission from the Andhra Pradesh Government to start **junior college from academic year 2023-24**. This will offer continuity of quality education to the students after Class 10.

Adani Group Chairman, **Shri. Gautam Adani** celebrated his 60<sup>th</sup> birthday with the kids of AVMB.

# Adani Schools

More than 24,000 students receive quality education with a human touch at 29 Adani schools.

## Highlights of FY 2022-23

Adani World School, Krishnapatnam, received **affiliation with the Sainik School Society** under the Ministry of Defence, as part of which the first batch of Class 6 commenced its classes from academic year 2022-23.

Class 4 students Ishwari Desmukh and Pranjal Sharman of NRC School, Mohone, Kalyan were conferred with a Special Achievement Prize for being the **Best Speakers and Best Presenters at the district level Science and Math project exhibition cum competition.**

**Devandh Gadhavi**, a student of Adani Public School, Mundra, won the **Best Athlete Trophy** with the school winning seven medals in the CBSE Cluster Level Athletics Meet held at Gandhinagar, Gujarat in January 2023.

**Namrata Mayee** of Adani DAV School, Dhamra created an **IoT-based project for protecting forests from forest fires and indiscriminate cutting of trees.** She was granted an advance of INR 10,000 by the Government to prepare the project for the district level and INR 25,000 after she was selected for the state level to modify and benchmark her project.

# Partnerships

## AVMS & AVMK Collaborate with BYJU'S

Most of the students of Adani Vidya Mandir, Surguja (AVMS) – a tribal district – are first generation learners who lack basic facilities and academic support post school hours. By collaborating with the renowned educational technology company BYJU'S, the school has provided all the students from classes 4 to 10 with their personalized tablets having customized content as per their age/standard. Each child can access self-paced learning even after school hours with digitalized and customized tablet without the usage of internet. Additionally, seven rooms in the school are converted into digital learning spaces for enhancing the teaching learning experience. Similarly, six rooms in Adani Vidya Mandir, Krishnapatnam (AVMK), are converted into smart classrooms through the partnership.

## Adani Foundation Partners with NIE International, Singapore

The Adani Foundation has partnered with the National Institute of Education (NIE) International, a part of Nanyang Technological University (NTU), Singapore, to curate and conduct an extensive STEM Leadership Program. Under this collaboration, facilitated by the Temasek Foundation (Singapore), 42 teachers from six Adani Foundation schools will be trained by experts from NIE. The program will be conducted over a period of 3 years (April 2023 to December 2025) and is divided into six phases. The first phase – scheduled from April 14 to 16 – is already complete. During the fifth phase, the participants will visit Singapore to observe STEM lessons in school and interact with STEM teachers. The key outcome will be the establishment of a robust network of STEM educators in Singapore and India and a STEM Curricular Framework in the Indian context.

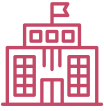

## AVMA Joins Hands with UNICEF

In a one-of-its-kind collaboration, Adani Vidya Mandir, Ahmedabad (AVMA), partnered with UNICEF to roll out the 'UNICEF on Campus Knowledge Initiative' for all the school students from June to December 2023. The initiative will create platforms and opportunities for the students to increase their awareness about child rights as articulated in the United Nations Convention on the Rights of the Child and priority areas such as climate action, life skills, body positivity and self-esteem, nutrition, anaemia, online safety, financial literacy, ending violence against children, among others. Children will be engaged through innovative and strategic digital and on-ground campaigns, capacity building sessions as well as lecture series/talks with young leaders and influencers.

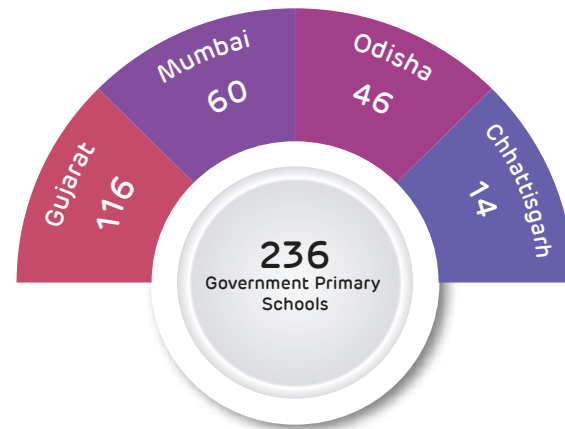

# Utthan

-  Strengthening the Government primary schools
-  Appointing an Utthan Sahayak (supplementary teacher) in each school who acts as a catalyst and facilitator
-  Providing resources and facilities
-  Literacy, numeracy and skills for life
-  Government school teachers' capacity building
-  Special focus on 'Priya' Vidyarthis (progressive learners)
-  Training students for NMMS Scheme and JNV entrance examinations

## Outreach:

170 Utthan Sahayaks are reaching 32,000+ students across 236 schools

## Outcome:

### Gunotsav in Gujarat, 2022-23

The Department of Education in Gujarat conducts an annual grading process called GUNOTSAV in government primary schools. It is done by School Inspectors (SIs). The results of Gunotsav in Utthan schools were outstanding for the academic year 2022-23.

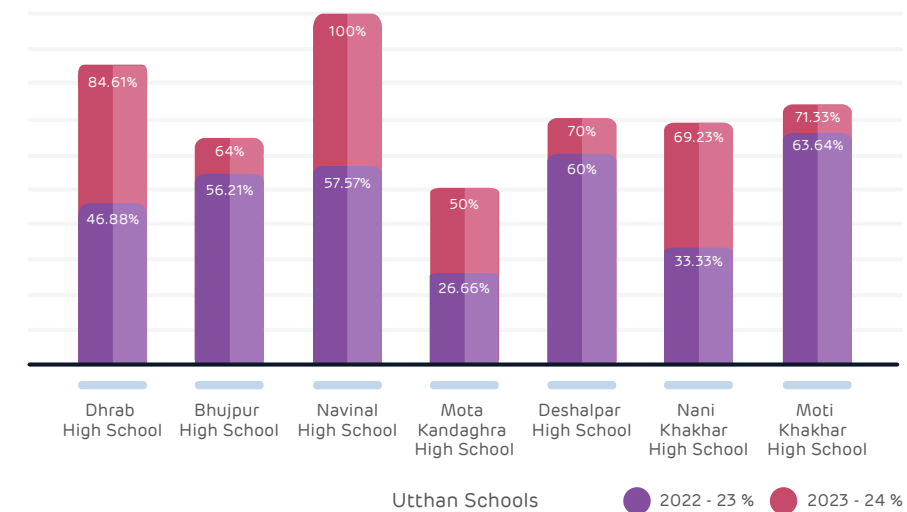

All 116 Utthan schools moved to the next level with consistent efforts and team work.

## Adani Evening Education Centre (AEEC)

7 Sites | 73 Centres | 3,470 Students

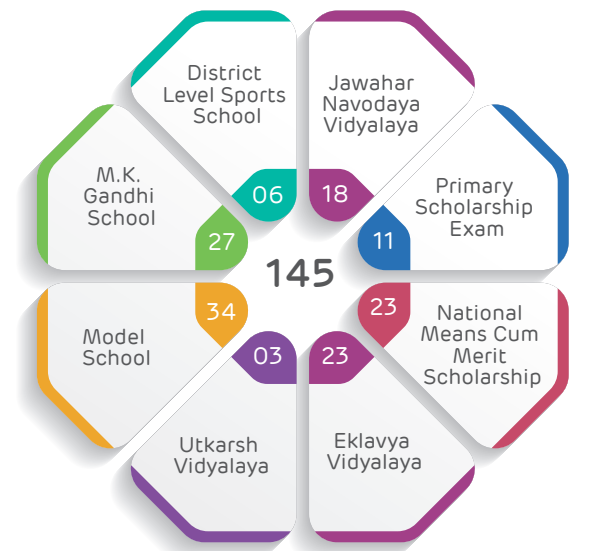

### Class 10 Board Exam Result Analysis

## Adani Competitive Coaching Centre (ACCC)

28 Centres | 448 Students

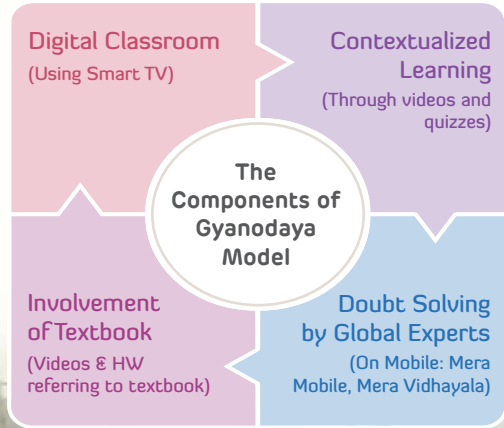

### Students Selected in Competitive Exams

# Gyanodaya

Gyanodaya is a digital learning mission helping students to learn more efficiently in Jharkhand's Godda district - declared an aspirational district by NITI Ayog. In collaboration with the Godda District Administration and Eckovation Pvt. Ltd., it is delivering a cutting-edge interactive curriculum through smart classrooms.

**Outreach:**  
82,000+ students  
across 316 schools

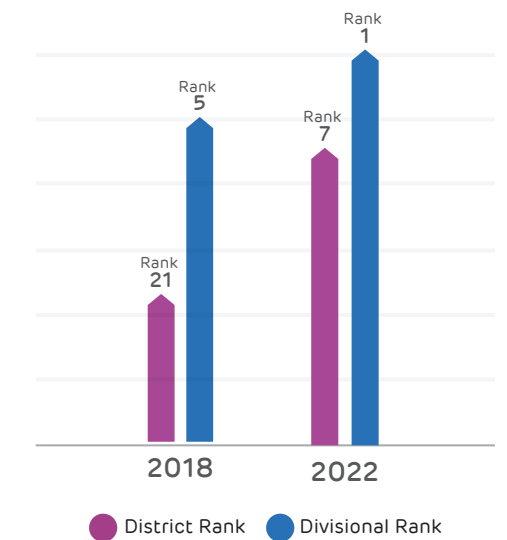

## Impact Over the Years

Analysis of Class 10 Board Exam Results 2018 & 2022

Improvement in Attendance (in %)

## Transforming Healthcare in Rural India

The Adani Foundation is investing in community health through deployment of resources and services on the ground. The aim is to reach out to the most vulnerable population at the grassroots. The impetus is on pan India projects - Mobile Health Care Units for doorstep delivery of healthcare, running wellness centres and rural clinics, organising health camps, and building and running multi-specialty hospitals.

**20**  
Mobile  
Healthcare Units

**700+**  
Health Camps

**15**  
Rural Clinics

**2**  
Hospitals:  
GAIMS, Bhuj &  
Adani Hospital,  
Mundra

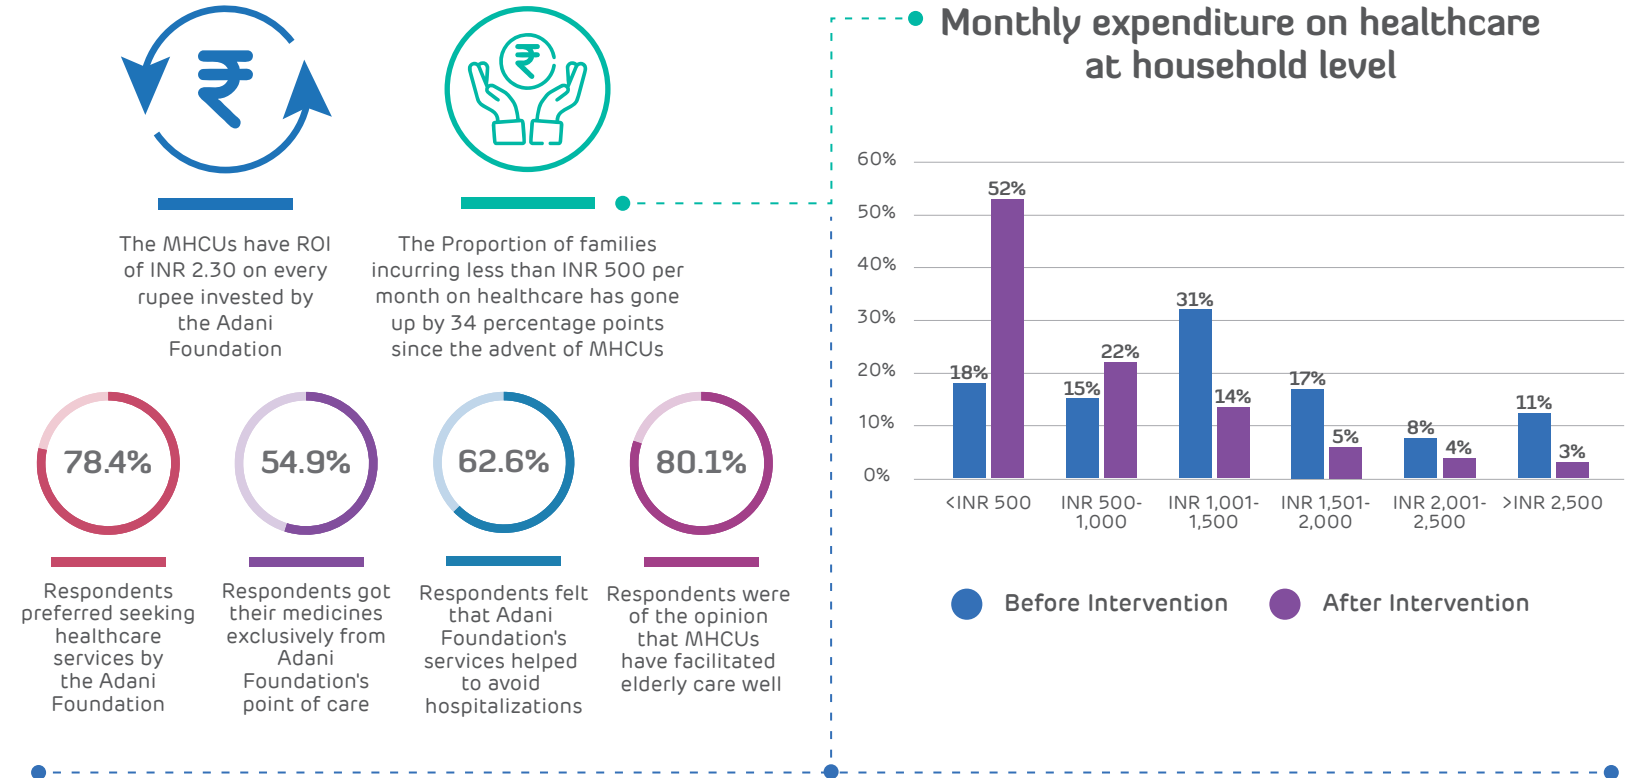

# Mobile Healthcare Units (MHCU)

MHCUs ensure that quality healthcare services reach the doorsteps of needy people in remote villages. These are armed with qualified medical professionals, generic medicines and basic diagnostic tools. Those patients who require further testing and care are referred to the nearest medical facility.

In FY 2022-23

An independent assessment conducted by SoulAce Pvt. Ltd., in 2022 of MHCUs in Mundra (Gujarat) & Vizhinjam (Kerala) and Wellness Centre in Dhamra (Odisha), showed that:

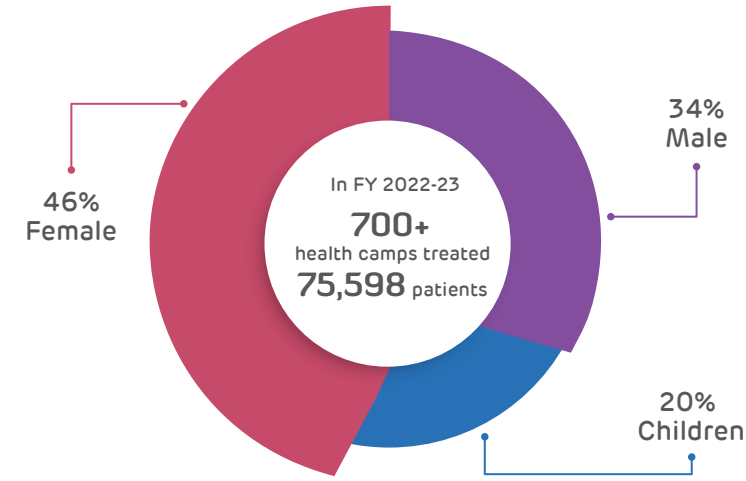

**55 years old Nirmala Thakur from Gondia, Maharashtra**, was suffering from asthma, diabetes and high blood pressure. She also had to be hospitalized a couple of times. Coming from a poor family, the burden of expensive medical bills for her treatment made things difficult for her. She was very happy and grateful when the MHCU services started in her village and she could get free quality medical care. She is not only receiving required treatment periodically but is also saving money on her monthly medicines (approximately INR 2,500 to 3,000).

# Health Camps

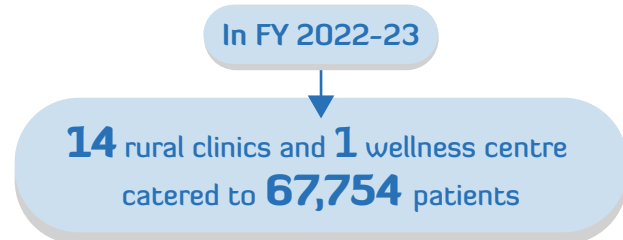

Health Camps provide essential screening services and generate awareness alongside necessary treatment and referrals. General and specialized camps for cancer screening, gynaecology, eye health, pediatrics, etc. are held.

# Rural Clinics

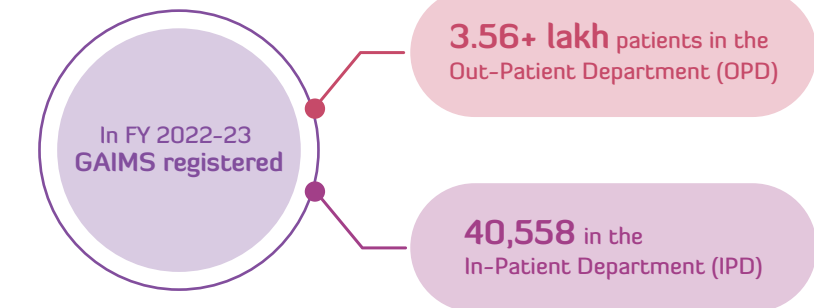

Rural Clinics and wellness centres provide preventive and curative services in a timely manner in remote areas. They have reduced travel time and expenses incurred by people living in interior areas of Mundra (Gujarat), Dhamra (Odisha), Krishnapatnam (Andhra Pradesh) and Surguja & Raigarh (Chhattisgarh).

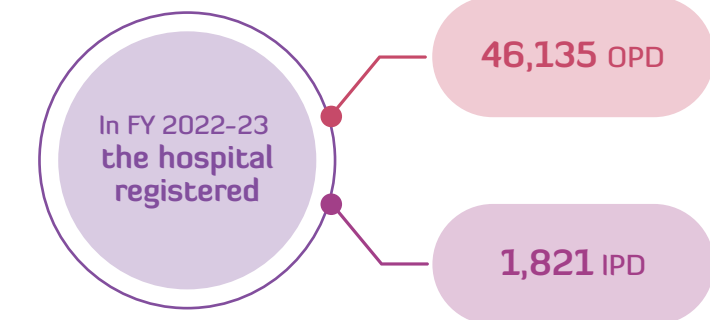

# GAIMS, Bhuj (Gujarat)

Gujarat Adani Institute of Medical Sciences (GAIMS) is the first Public-Private-Partnership (PPP) endeavor between the Government of Gujarat and Adani Education & Research Foundation. It is the only medical college and multi-specialty modern teaching district hospital (G.K. General Hospital) in Kutch district.

# Adani Hospital, Mundra (Gujarat)

The Adani Hospital in Mundra is a 100-bed secondary care hospital catering to healthcare needs of the local population of Mundra and neighboring areas. It is committed to grooming medical professionals and providing clinical services at affordable rates.

# Key Highlights

The Village Sanitation Program in Krishnapatnam (Andhra Pradesh) provided sanitation support in 8 villages, benefiting 18,000+ families, with the help of 136 community volunteers.

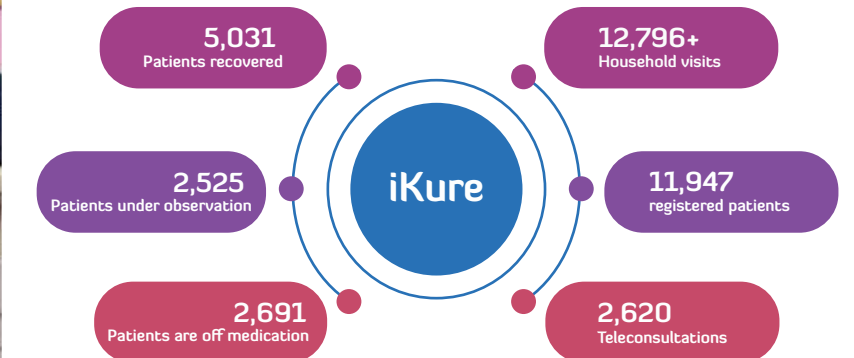

The Anemia Control Program in Dighi (Maharashtra) is targeted towards children and women from the fishing community in Raigad district, in line with the government schemes. It includes creating awareness, counseling, capacity building of women as well as adolescent girls, and nutritional care for children between 0 and 6 years of age.

**848** women and girls from **16** villages participated in this program.

In partnership with iKure in Dhamra (Odisha), 10 Community Health Workers (CHWs) have been upskilled to become Community Health Entrepreneurs (CHEs). Using the iKure Digital Health Platform, the CHEs offer tele-consultation services with doctors to the community members. They also capture health related data for developing a population health management system.

As part of the Total Health Programme, in partnership with the Apollo Foundation, one mega camp and four general health screening camps were organized in 8 villages in Krishnapatnam (Andhra Pradesh). Out of the 2,447 women screened, 64 were suspected with carcinoma and were suitably referred for follow up.

# Sustainable Livelihood Development

## Increasing, Diversifying & Sustaining Incomes

Our work is rooted in the belief that a society made of self-reliant individuals can contribute towards the well-being of their family, community and the nation at large. We promote efficiency in agriculture, livestock development and allied activities, as well women's entrepreneurial ventures for establishing sustainable sources of fulfilling livelihoods.

**53,029**  
Farmers supported

**26,805**  
Acres of land  
under cultivation

**16,928**  
Women are earning members of  
**1,558** self-help groups (SHGs)

**10,389**  
Improved cattle animals

**33,442**  
Artificial Insemination

# Agriculture & Allied Activities

The Adani Foundation is working with small and marginal farmers to upgrade their farming skills by promoting improved cropping practices and crop diversification. The aim is to reduce input cost, increase productivity, enhance quality of the produce, and ultimately boost incomes.

## Highlights of FY 2022-23

In Dhamra, Odisha, training was imparted to 419 small and marginal farmers on **paddy, commercial vegetable cultivation and high value cash crop farming**. Notably, the convergence program with the District Agriculture Department for implementation of Paddy Line Transplanting has **increased the yield by 45 to 50%** with an average monetary benefit of INR 22,000 to 24,000. The yield has been enhanced from 12 to 15 quintal/acre in traditional practice to 31 to 33 quintal/acre by adopting System of Rice Intensification (SRI) technology for 62 farmers.

The Adani Foundation has taken steps to educate the farmers of Minjur Block, Thiruvallur district, on **natural farming** through training, live demos, input material support and monitoring. In FY 2022-23, 300 farmers were facilitated to cultivate paddy on one acre, bringing 300 acres under cultivation. These farmers are working collectively and supporting each other to avail government subsidy for group-based cultivation. Further, the market linkage between farmers and Farmer Producer Organization (FPO) was done by promotion cum sale of the organic rice through Marutham – an FPO of women.

As part of the Integrated Tribal Development Program in Dahanu, Maharashtra, the Adani Foundation is **supporting 1,000 families** for cultivation of vegetables, horticulture and floriculture. This year, 200 farmers have collectively marketed jasmine, with each farmer earning INR 10,000 per month.

In Vizhinjam, the Kitchen Garden initiative is progressing well, with **500 new kitchen gardens** implemented this year, taking the total numbers since the start of the programme from FY 2020-21 to 1,280. Almost every household is harvesting 35-40 kg vegetables per month.

## Highlights of FY 2022-23

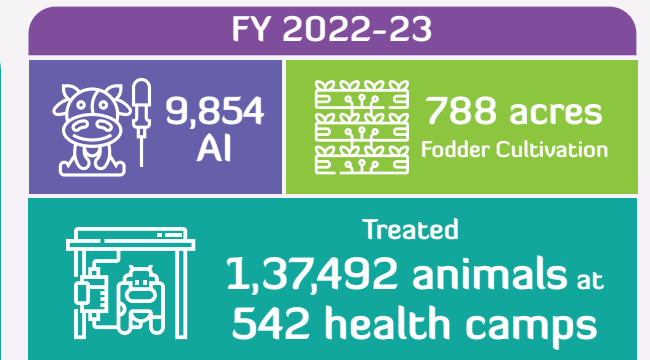

- ➔ **Kutch Kalpaturu Producer Company (KKPC)** – a Farmers' Producer Organization (FPO) – was established in 2020 with 237 farmers. What started with supporting date palm cultivators, now includes initiatives such as milk supply to colonies, NB 21 off shoot supply, cattle feed supply, etc. Its annual turnover was **INR 28.89 lakh**.
- ➔ A total of **2,242 units of vermicomposting** have been supported till date, producing an average of 5,830 MT per year, generating a total revenue of **INR 466.37 lakh** (price INR 8 per kg) per year.
- ➔ The Adani Foundation in association with the Municipal Corporation in Shahanshahpur area of Varanasi has set up a state-of-the-art **Varanasi Bio-Conversion Project (VBCP)**. The project is supported by Animal Husbandry department of Uttar Pradesh, Bharat Gas Energy Limited, and Varanasi Smart City Development. As in January 2023, the production of the plant as follows:
  - CBG Production: 7,892 kg (Avg: 605 kg per day)
  - LFOM (Liquid Slurry): 1,068 KL (Cum. 3,297 KL)
  - FOM: 9 MT (Cum. 268 MT)
- ➔ Biogas – **225 home biogas units** were installed in seven villages of Mundra to reduce the use of chemical fertilizer while reducing smoke related irritation during cooking.

## Livestock & Dairy Development

The Adani Foundation is improving the well-being of cattle and cattle rearing families at 15 CSR sites across 9 states in India.

- Building capacity of farmers and creating awareness about recommended animal husbandry practices
- Delivering high-quality breeding services by promoting artificial insemination (AI) and other vital healthcare services
- Scientific management of livestock, taking into consideration various aspects such as fodder, azolla and silage development for adapting healthy feeding practices
- Scheduling vaccination and health camps for disease control

- ➔ In Dhamra, Odisha, doorstep delivery service through **Mobile Veterinary Unit (MVU)** is provided. This service of artificial insemination through sex-sorted semen has ensured birth of **90% female calves** and registered higher milk volume.
- ➔ Mundra, Gujarat has engaged **192 farmers** who have adopted and cultivated NAPIER Grass (nutrient rich variety) in 190-acre area. This best quality fodder cultivation is yielding **3,800 tonnes** of fodder annually, saving INR 52 lakh which otherwise would have been spent on buying it.
- ➔ In Tirora and Kawai, a strong partnership between milk producers, district co-operative milk unions and the Adani Foundation is enhancing dairy development. The milk collection has reached **7,400 litres per day, with a monthly turnover of INR 1.2 crore**.

# Enabling Women's Entrepreneurial Ventures

**16,928** women are currently earning members of **1,558** Self-help groups (SHGs)  
Turnover till date: **INR 40 crore**

## Milestones

In Dahej, the Adani Foundation is supporting 9 Self-Help Groups (SHGs) – 5 in Dahej area and 4 in the tribal area – all of which are registered under Mission Manglam of Livelihood Mission. A total turnover of **INR 59 lakh** was generated by **104 members** of these SHGs

In Mundra, 10 SHGs have been established which engage **127 women** who generated a turnover of **INR 88 lakh** during FY 2022-23.

In Mumbai, Swabhimaan project was initiated at Mira Road and Malad-Malwani areas to empower women, with Mahila Aarthik Vikas Mahamandal (MAVIM) as the implementation partner. In FY 2022-23, **300 women** were trained in 10 trades who collectively invested **INR 65,000** and earned **INR 1.2 lakh**.

As a part of **Vizmart** – a marketplace for the women-led livelihood group in Vizhinjam, Kerala – a workers' canteen was inaugurated at the port. The group also started a mini supermarket and purchased a three-wheeler for transportation of goods. Vizmart is run by a group of **62 women** who run **18 types of businesses** and generated an annual turnover of **INR 76.5 lakh** this year.

# Promoting Synergies through Companies & Cooperatives

The Adani Foundation is facilitating farmers and women entrepreneurs to register as federations, such as companies and producer clubs. These include but are not limited to:

- ➔ Mahila Udyami Bahuddeshiy Sahkari Samiti (MUBSS), Surguja, Chhattisgarh  
**250** stakeholders
- ➔ Tirora Farmers Producers Company Limited (TFPCL), Tirora, Maharashtra  
**152** stakeholders
- ➔ Pragatishil Mahila Farmers Producer Company (PMFPC), Tirora, Maharashtra  
**198** stakeholders
- ➔ **12** Women Producers' Groups (WPGs) in 8 core Gram Panchayats of Dhamra  
**352** members
- ➔ Mahalaxmi Shetkari Utpadan Sahkari Sansthan, Dahanu, Maharashtra  
**1,100** members
- ➔ Hadoti Pragatishil Producer Company Limited, Kawai, Rajasthan  
**305** shareholders
- ➔ Kutch Kalpataru Producer Company (KKPC), Kutch, Gujarat  
**237** stakeholders
- ➔ Phoolo Jhano Saksham Aajeevika Mandal (PJSASM), Godda, Jharkhand  
**1,600** members
- ➔ **10** Farmers clubs in Dhamra, Odisha  
**278** members

# Community Infrastructure Development

## Building & Strengthening Rural Infrastructure

Infrastructure facilities bear a direct impact on the standard of living and the micro economy of the community. The Adani Foundation is dedicated to bridge the gaps by augmenting existing facilities and creating new infrastructure. Its efforts are directed towards the development of schools, primary healthcare centres, water conservation structures and other village development works.

In FY 2022-23

Water storage capacity increased to **2,20,732 m<sup>3</sup>**

Cement Concrete (CC) roads constructed having total length of **3,890 m**

# Water Related Projects

## Water Conservation

- Deepened total 31 village ponds across 10 sites in Mundra, Tirora, Godda, Hazira, Dhamra, Kattupali, Kawai, Raigarh, Jaissamer and Raipur
- Recharged 19 wells and constructed 2 percolation wells in Mundra
- Installed 42 Roof Top Rainwater Harvesting structures in Mundra and Dhamra
- Constructed 140-meter retaining wall on the bund in Lakhigam, Dahej to strengthen it

## Drinking Water Facilities

- Installed 44 borewells with handpumps in 4 sites - Tirora, Godda, Dhamra and Raigarh (Tamnar)
- Installed 7 community RO plants of capacity 1,000 LPH in 4 sites - Mundra, Dahanu, Kattupali and Krishnapatnam
- Installation of solar submersible pump with pipeline laying in Khairbodi village of Tirora

# Education Related Infrastructure

The Adani Foundation reimagined what a school could look like and facilitated a facelift of the Government Senior Secondary School in Dara (Baran, Rajasthan)

Constructed 8 classrooms and a library in 4 sites - Raigarh (Tamnar), Dahanu, Raipur and Dahej

Built 183-meter boundary wall in primary school of Rampar, Mundra

Developed playing area for children in Kaladra Primary School in Dahej. Also constructed 120-meter length of compound wall, provided a solar light and 4 precast concrete benches in In Kanak Prasad Primary School in Koithakhola, Dhamra.

## Village Development Works

Repaired more than 18 km of village roads as well as fishermen approach roads in 4 sites - Mundra, Gangavaram, Jaisalmer and Raipur

Constructed 20 CC roads of total 3,890 m of length in 6 sites - Mundra, Tirora, Kawai, Raigarh (Tamnar), Dhamra and Udupi

Installed 90 solar streetlights in Dhamra and Raigarh

## Highlights of FY 2022-23

### Mundra, Gujarat

Constructed a vegetable shed in Mundra comprising 195 stalls, each equipped with a proper platform, shed and secure storage, and handed over to Mundra Mahanagarpalika

### Kattur, Kattupalli

Eight community toilets were constructed which will benefit 756 families

### Raigarh, Chhattisgarh

Constructed a community hall in Khamharia village, refurbished another community hall in Sarwani village and constructed a community shed at Kalma village

### Dahej, Gujarat

Developed a greenbelt around Luvara pond with the plantation of over 3,750 saplings and 166-meter-long fencing. 250 plants with tree guards on both side of the approach road have also been facilitated. Further, provided 913-meter-long fencing at Mora village on road divider with plantation of more than 1,500 plants

### Godda, Jharkhand

Constructed 9 community bathrooms with soak-pit in 7 villages of Godda and Sahebganj district to address the needs of 300 women and girls

## Empowering Women, Nurturing Communities

Project SuPoshan is a community-based intervention to combat malnutrition in children under five years of age and improve the nutritional status of adolescent girls and women in the reproductive age group. Village level volunteers are identified and trained to become SuPoshan Sanginis, who play a pivotal role in spreading awareness, promoting referrals and catalyzing behavioural change.

### Impact

**535**  
SuPoshan Sanginis

### Covering

**3,51,985**  
Households

**1,141** Villages  
and **190** Slums

**13**  
States

### Reaching

**1,29,982**  
Children

**83,745**  
Adolescent girls

**2,25,952**  
Women

Not all heroes wear capes, some wear smiles.  
Listen to the SuPoshan theme song and see our  
SuPoshan Sanginis in action!

the video

# Strategies to Achieve Project Objectives

- Using the life-cycle approach to prevent occurrence of malnutrition
- Adoption of the 'First 1,000 Days' concept to strengthen Infant and Young Child Feeding (IYCF) practices and Water Sanitation and Hygiene (WASH)
- Supplementing the Central Government's nutrition related schemes like POSHAN Abhiyaan and Integrated Child Development Services (ICDS)

# Community Engagement During the Year

**All 535**  
SuPoshan Sanginis trained on Infant & Young Child Feeding Practices

**100k**  
Children screened for anthropometry practices

**87.6k**  
Family and individual counselling sessions

**95K**  
Focused Group Discussions (FGDs)

**6K+**  
Recipe demonstrations conducted

**6K+**  
Poshan Vatikas developed for dietary diversity

Reached over **2,22,420** beneficiaries by celebrating Poshan Maah, World Breastfeeding Week, Newborn Care Week, Global Handwashing Day, World Menstrual Hygiene Day, World Food Day and Poshan Pakhwada.

# Identification and Treatment of Malnourished Children

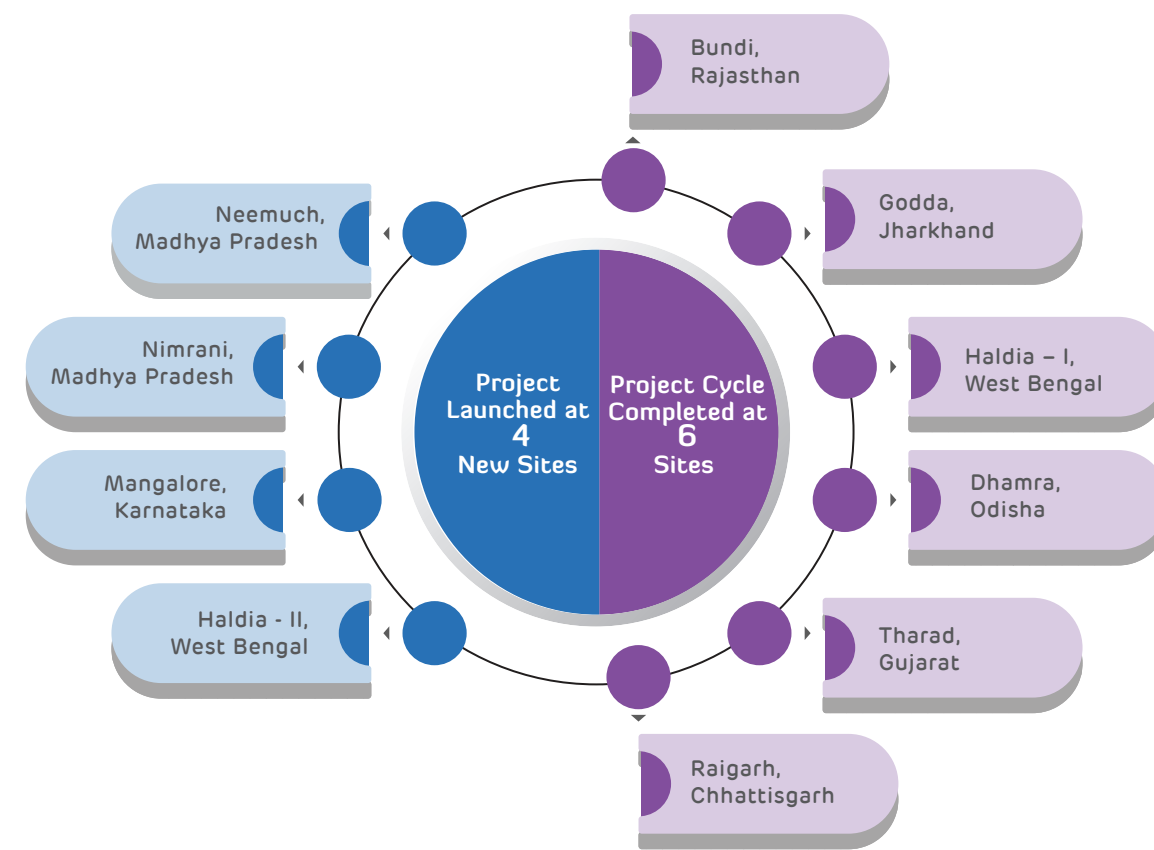

In FY 2022-23 more than 1,00,000 children were screened on WHO standards by the SuPoshan Sanginis, who take appropriate actions as per the following guidelines:

- ➔ Screening children for Severe Acute Malnutrition (SAM) twice a month
- ➔ Screening children for Moderate Acute Malnutrition (MAM) once a month
- ➔ Screening healthy children every quarter

## Outcomes:

## In FY 2022-23:

“**Kushmin Nishad**, from Gaurkheda village in Raipur, Chhattisgarh, was facing several challenges during her fourth pregnancy, including low weight and a haemoglobin level below 8g/dL. Of her three previous pregnancies, only one child had survived. This time, Kushmin received timely support from **Neera Sahu, a SuPoshan Sangini**, who guided her on the importance of proper nutrition and weight gain during pregnancy. Their efforts paid off as she gained of 7.5 kg in the last four months of pregnancy, significantly reducing the risk of adversities or complications. Kushmin gave birth to a healthy child weighing 2.6 kg. Timely counselling paves the way for a risk-free pregnancy and a healthy infant, especially in rural areas where access to healthcare services is limited.”

## Towards a Skilled Future

Adani Saksham provides the youth with skill-based training, thereby increasing their employability and honing their entrepreneurial abilities. Aligned with the Government's Skill India Mission, it offers an array of vocational courses through a network of Adani Skill Development Centres (ASDCs). It is now incorporating advanced technology such as Augmented Reality-Virtual Reality (AR-VR) and launching courses in the Metaverse to make learning cutting-edge.

# Milestones during FY 2022-23

Number of trainees across ASDCs (FY 2022-23)

Major Sectors Covered

# Major Highlights

ASDC signed an MOU with the Adani University on 23 February, 2023 to offer vocational training to students

ASDC, Kutch team signed an MoU with District Education Office (DEO) for the Digital Literacy & Functional English programs

ASDC, Ahmedabad team signed an MoU with nationwide stakeholders for implementing skill development programs, including major tie-ups with:

- Home First Finance at Narol, Ahmedabad, Gujarat
- Kutchi Jain Seva Samaj
- Thermax at Mundra, Gujarat
- Jan Mangal Seva Trust, Shakheshwar, Gujarat
- Empezar at Mundra, Gujarat
- Vishwakarma Simhapuri University at Nellore, Andhra Pradesh
- Amity Global Business School, Chennai, Tamil Nadu

As part of various such tie-ups, Adani Saksham imparted more than 6,000+ trainings during the year at multiple locations.

## Kashi Prerna Saksham Producer Company Ltd.

In FY 2022-23, this Self Help Group (SHG) was created and established in Uttar Pradesh. The aim is to touch the lives of 1,500 local women from Sewapuri block of Varanasi.

Currently, more than 400 women are trained to make incense sticks and dhoop sticks out of 100% natural ingredients like cow dung, camphor, guggal, coconut oil, sandal, etc. Their products are packed and marketed as 'Gangatiri', named after a local cow breed.

## Inspiring to Aspire

Project Udaan is an experiential learning endeavour targeting the youth of our nation. Carefully planned exposure tours offer students a unique opportunity to visit various Adani Group sites, including Adani Port, Adani Power, Adani Airports, and Adani Wilmar facilities. These immersive trips grant them firsthand insights into large-scale business operations, that broaden their knowledge base but also inspire them to dream big.

In FY 2022-23

over **900 visits** were organized for more than **52,000 students** across India.

Till date, **6,205** visits have been organized for more than **4 lakh** students

# Highlights of FY 2022-23

Key members of the Self-financed School Management Association from all districts of Gujarat visited Mundra on 3-4 September 2022

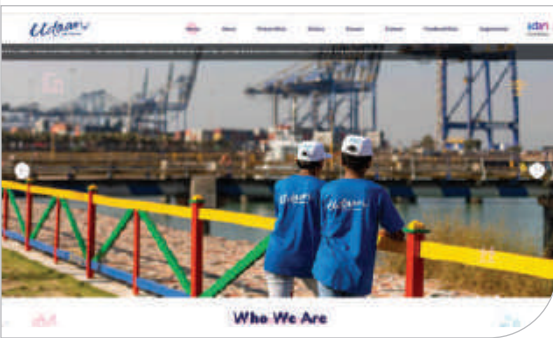

The Adani Foundation and Gujarat Technical University signed an agreement facilitating exposure visits for students

Corporate visit- Employees of Adani Electricity Mumbai Ltd. & Adani India Infra Ltd., visited Mundra

Launch of Udaan website

Launched Udaan at Sardar Vallabhbhai Patel International Airport, Ahmedabad

Started one-of-its-kind Virtual Reality lab and Model Room at Mundra

# Enhancing Green Initiatives

## Tree Plantation

Since 2011, the Adani Foundation is contributing to the green cover across all CSR sites, planting more than 2.6 lakh trees till date.

Watch how the Adani Foundation helped Kunjer restore its greenery

Scan to watch the video

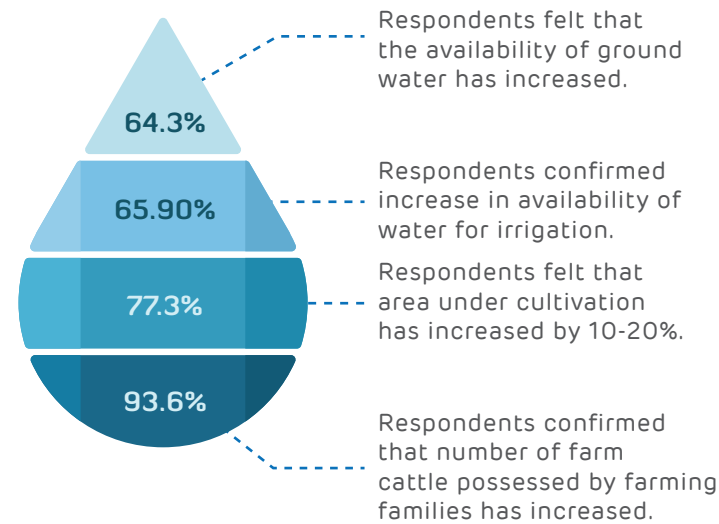

## Mangrove Plantation

Since FY 2011-12, the Adani Foundation has spearheaded mangrove plantation along the shoreline of Mundra (Kutch). Until 2022-23, total 7,42,000 plants have been transplanted, bringing 449.7 acres under green cover. With a survival rate of 90%, it estimated that these mangrove forests have helped carbon sequestration of 58,162 tonnes of carbon dioxide.

## Water Conservation

An independent study conducted by TTC Glocal in 2022 to assess the outcomes of water conservation initiatives in Mundra (Gujarat) found that:

According to Government MIS data\*, estimate of Total Dissolved Solids (TDS) in groundwater has reduced by 907 mg/L - which is a 65% reduction from the baseline value.

### Groundwater TDS levels (mg/L), Central Groundwater Board (CGWB) Observation Stations, Luni & Karaghogha

\* Source: India Water Resources Information System, MoJS, GoI (based on data from CGWB observation stations at Luni and Karaghogha)

# Employee Volunteering Program

## Upholding the Goodness

**Blood Donation**

Employees from **18 businesses** in **115 cities** across **20 states** and **138 blood banks** collectively donated **13,893 units of blood**. The Blood Donation Drive was organized on the 60<sup>th</sup> birthday of Adani Group's Chairman, Shri Gautam Adani.

Adanians participated whole-heartedly in the "Toy Se Joy" Drive organized ahead of Christmas.

Scan to watch the video

**Katupalli**

**90 employees** volunteered to clean Besant Beach in Chennai, spending a total of **270 human hours**.

**Mundra**

Employees contributed over **150 human days** with 200+ Tuberculosis awareness sessions and facilitated organizing green carnivals and health camps.

**Kawai**

Employees contributed their time and efforts towards project Udaan, orchard development, and farmers' training. A total of **582 human hours** were spent.

**Vizhinjam**

Annual cleaning of Vellayani Lake was carried out by **80 employees** spending **240 human hours**.

**Gangavaram**

A beach cleaning drive at Yerada Beach was organized engaging **356 employee volunteers** (including 12 members of Gajuwaka Municipal Corporation staff). A total of **712 human hours** were spent in the cleaning drive and over 2 tonnes of waste was collected and handed over to the municipal corporation.

# Awards

## Setting Benchmarks
